

# Cultivating Health *in Agriculture*

**A Health Education Program**

**U**nder the Farmworker Resource Program, this initiative was created to support our agricultural community by providing a range of health education, training and preventive care on-site. Through this program, FRP works with multiple partners specializing in healthcare that are available to visit local farms to provide information that includes:

- How to recognize COVID-19 symptoms, treatment and vaccine information
- Health-related information
- How workers and families can stay healthy and safe
- Many other healthcare resources

To schedule an on-site visit, call **805-385-1899**  
or email us at **[HSA-AGFRP@ventura.org](mailto:HSA-AGFRP@ventura.org)**
