SUBJECT: Receive and File Report of Investments, Including Market Values for Investments for the Month Ending August 31, 2018.

RECOMMENDATION: Receive and File

FISCAL/MANDATES IMPACT: None

DISCUSSION:

This report covers the one-month period ending August 31, 2018. It reflects continuing positive trends in the investment portfolio results.

The **average daily portfolio balance** for the period was \$2.098 Billion, the highest August average balance ever. It is a decrease of \$222 Million from July. I expect the average balance to hold steady in September and October, and then rise as secured property tax payments arrive.

The **annualized percentage yield** for August was 2.136%, an increase of 0.064% over July. I expect the annualized yield to continue to rise at about this rate for the next several months, based on expectations of interest rate increases by the Federal Open Market Committee.

Going forward, if the current pool investments were all held to their maturity, the pool's **approximate yield to maturity** is 2.14%, an increase of 0.04% over July. As I write this report on September 11, that figure is 2.16%.

The **total net earnings** were \$3.807 million, a decrease of \$276,000. This is consistent with my expectations that a temporarily shrinking pool will reduce the total net earnings.

The **weighted average days to maturity** fell to 139 days. The interest-rate sensitive measure of **effective duration** ended at 0.355, reflecting the pool's very low sensitivity to interest-rate changes. I had expected both numbers to increase in August. Summer is a period of limited inflow of deposits; and, correspondingly, fewer investment opportunities. I expect both numbers to increase as secured tax payments start arriving in October.

The **three largest sectors**, by percentage, were: Yankee Certificates of Deposit (28.27%), Commercial Paper (26.64%), and Supranationals (16.14%.) The **three largest individual issuers**, by percentage, were: Toronto Dominion Bank (7.91%), Federal Home Loan Bank (7.55%) and International Bank for Reconstruction and Development (7.42%).

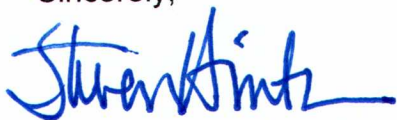

The portfolio has been managed with the stated objectives of safety, liquidity, and earning a competitive return, as outlined in the Statement of Investment Policy. In striving to maintain **the primary objective, safety of principal**, the County portfolio has for several years received a rating of AAf/S1+ by Standard & Poor's, the highest rating given by that agency. On December 11, 2017, our rating of AAf/S1+ was reaffirmed by S & P after an intensive 9 month review under the new, more conservative rating criteria. The portfolio is well diversified and has a low sensitivity to interest rate variations. Regarding **the secondary objective of maintaining sufficient liquidity** to meet cash flow needs, the portfolio maintains significant cash reserves in the County's bank, as well as significant holdings with ready access in LAIF and CalTrust. All of the pool's assets have a well-developed resale market, although of course it is our policy not to sell. **Earning a competitive rate of return** is reflected by our performance against our benchmarks, even though they all have less restrictive investment policies than ours.

Accordingly, the portfolio will continue to be managed based on the assumption that interest rates within our horizon will rise gradually over the next several months. The Federal Open Market Committee seems certain to raise interest rates twice more in 2018, at 0.25% each time. Commentators suggest the increasing possibility of at least two similar increases in 2019. The Investment Work Group monitors the interest rate news daily. We will focus our investing on issues with maturity dates of one year or less for the next several months.

This letter has been reviewed and approved as to form by the County Executive Office, the Auditor-Controller's Office, and County Counsel.
